Request for Waiver

Due to unforeseen circumstances Billed Entity 142255, Pawnee School District, is requesting a waiver for the filing date of 3/13/14 Form 470, making the 28 day window for the filing of Form 471 fall on 4/10/14 which is after the window close date.

The entity is a small rural school district with limited resources and staff, and our students are very important. E-Rate funding is one of the resources that we depend on for discounts for our communications and internet. The district does not have any plans to make any vendor changes, but does not engage in multi-year contracts. The amount of our request each year is quite small in the large scheme of the Federal program, but is a major amount for the district and the public interest that is served.

Our small school would greatly appreciate your consideration of funding our Form 471 request outside of the window close date.

Thank you for your help,

  
Bret L. Robinson, Superintendent
